

Memorandum of Understanding

The Prairie Spirit School Division has received and understands the following qualified PSTA support for the Accreditation Training option proposed for the 2022/23 school year:

Due to the resumption of Accreditation Training after a two year break, the PSTA Executive supports the PSSD in offering accreditation training on two prep days in August to address the current backlog of teachers requiring accreditation training, with the understanding that the PSTA is not endorsing future PD on a PSSD prep day without consultation and support.
